@Sweetie... Travisâ€¦ Zack told me everything that happened.
About sneaking out, about the woods and everything you saw...
@Donâ€™t worry. I grounded you for a week, and youâ€™ve been in a coma for longer than that, so youâ€™re off the hook.
@I know you just woke up and youâ€™re probably dying to play baseball or fart around with some comics, but can you talk to your brother first?
@He really wants to see you... Heâ€™s been so worried! More than me! I mean, I know youâ€™re a trooper, but he still thinks youâ€™re a baby, or something...
@So go do that, alright?

@Canâ€™t remember that? Aw man, youâ€™ve missed the best partsâ€¦ I got off easy. But you?
@You got surgery, medicine, secret agents, all your bones were busted, and I even heard you wet yourself.
@Iâ€™m amazed youâ€™re already set to go. Got to say, Iâ€™m jealous...

@Oh!
@Travis! Youâ€™re better?! ...What, all this?

@Youâ€™re part of that. Terrifying people kept going into your room. They said youâ€™re dangerous...
@...That you can read minds, that you could ruin everything, that you could even alter the futureâ€¦
@Andâ€¦ They said youâ€™re the one who broke their â€œGate.â€ Thatâ€™s what the thing in the woods was called, I guess.
@I heard thereâ€™s still six more of them.
@Those people are so scared of what you did that theyâ€™re using those â€œGatesâ€ to do something to the worldâ€¦
@People are fighting and going missing,

animal attacks are on the rise, and I know theyâ€™re behind it all.
@I think, somehow, youâ€™re the only one who can stop them.

anywhere in the country... I think. Iâ€™ll mark it on your Map, alright?
